

WxAzygy® Transparent Interface for Google Earth COM API License Agreement

WxAzygy® version 21r for Microsoft Windows WxCOLLADA™ version v1c for Microsoft Windows

The WxAzygy® Transparent Interface is an interactive application for basic Geographic Information System (GIS) capabilities on 4-Dimensional COLLADA-based objects displayed in Virtual Globes. WxAzygy® version 21r and WxCOLLADA™ v1c (The Software) are provided to you at no cost for non-commercial applications in association with the Google Earth desktop application on Microsoft Windows. You agree by downloading, installing or running the WxAzygy® application to abide by all terms, restrictions and responsibilities in this License Agreement. This License Agreement also requires adherence by you to the related License Terms applicable to Google Inc. and Microsoft Corporation.

Google License Terms

The WxAzygy® Transparent Interface and WxCOLLADA™ use the COM API that comes with Google Earth versions 4.x and 5.x for Microsoft Windows. The WxAzygy® and WxCOLLADA™ API implementation is provided to you without charge and is therefore considered to be “Fair Use” of Google Earth. You agree to all Google Earth Licensing terms and assume all risk in your use of the Google software and data products. Specifically, you are agreeing to:

- 1) Google Maps/Google Earth API “Terms of Service”
